Please be advised that all clinical placement sites are requiring students to be **fully** vaccinated (i.e., two doses) for COVID-19 (read [Pre-Clearance Process Information Sheet](#)). Students who are not **fully** vaccinated cannot be provided with a clinical placement and cannot progress in the nursing program. Individual clinical placement agencies **may** require COVID-19 booster shots, however, students are informed prior to placement if this requirement is in effect. If you have any questions about the COVID-19 vaccine requirement, please contact Andrea Reddam, Clinical Placement Coordinator at areddam@uwindsor.ca.
