School of Dramatic Art

Admission to the three-year General BA in Dramatic Art

Item for: Information

The School of Dramatic Art recently approved the following motion: That admission to the four-year Honours BA. Degree be offered to new students, but that the three-year degree remain on record to serve students who may subsequently choose to graduate in three years.

The School of Dramatic Art has decided to no longer allow students to apply directly to the program. Dramatic Art would like them to instead apply to the Honours program. However, once a student is enrolled at the University of Windsor, s/he can then choose to transfer into the three-year (general) program.
