The guidelines outlined on the following pages have been developed to ensure appropriate COVID-19 hygiene practices and health and safety considerations for the protection of all members of the UWindsor community. Using the Hierarchy of Controls model, users should first evaluate the task to see if the hazard can be eliminated. If the option of curbside pickup is essential to the task, organizers are to follow the guidelines as presented.

Curbside Pickup Procedures

- Detail how appointment times will be booked (e.g. reservation system, etc.)
- Detail screening procedures for the event (Safe Lancer app / PDF questionnaire)
- Detail how materials will be picked up (e.g. staff place materials in trunk, handed to customer through car window, picked up in a bag off a table, etc.)
- Items to be picked up should be bagged or packaged, if possible, in advance of the pickup (minimum 24 hours)
- Walk-up patron procedures must be identified / detailed. Signs and floor markings indicating physical distancing requirements are to be posted and visible for walk-up traffic.
- Records of attendees must be kept (30 days) – detail how this is tracked.

Please provide detailed plan which addresses the listed Curbside Pickup Procedures (previous page)

Curbside Location

- Approved curbside pickup locations can be booked through Parking Services by contacting Laurie Butler-Grondin at ext. 2411 or email laurie@uwindsor.ca.

Please describe proposed Curbside Location

Communication

- Curbside pickup procedures should be communicated to both customers and staff members, in advance. Screening procedures for visitors to be noted (do not come to campus if...)
- Employees to bring forward any concerns or issues of non-compliance to Supervisor/Organizer.

Please describe proposed Communication

Physical Distancing

- When coordinating a curbside pickup event, consideration must be given to the flow of the clients/customers. Entrances and exits must be clearly marked. If customers/clients will be getting out of their cars, signs and floor markings indicating physical distancing requirements are to be posted and visible.
- Staff members must maintain a minimum of 2m physical distancing from others and ensure clients/customers are following physical distancing protocol.
- Inform customers/clients of curbside protocol and encourage a limited number of persons to attend the pickup
- If possible, inform customers/clients to stay in their vehicles until it is their turn to pick up.
- Consider scheduled or staggered pick up times to limit the number of people at curbside event at one time.
- Encourage online or telephone payments in advance of the pickup if possible. Avoid the requirement of a signature to provide contactless delivery. If payment is required, card transactions are preferred.

Please describe plans to ensure Physical Distancing

Community Protective Equipment and Personal Protective Equipment

- Masks are recommended to be worn for all individuals during the curbside pickup.
- Individuals must wear a non-medical mask or face covering (Community Protective Equipment) when entering or exiting campus buildings, and in common spaces where physical distancing may be difficult, such as entrances and exits, staircases, hallways, lounges, washrooms and elevators.
- Masks are recommended to be worn when approaching a customer/client at the car.
- Other PPE to be considered (e.g. gloves)
- Accommodations regarding masks must be communicated to the event organizer in advance, for consideration of alternate delivery methods.

Please describe plans to ensure use of Community Protective Equipment and Personal Protective Equipment**Hygiene Practices**

- Provide individuals with access to a handwashing sink with soap and water, or provide an alcohol-based hand sanitizer.
- Individuals are expected to follow the health and safety recommendations and directives provided by local and provincial health authorities, including:
 - Proper hand hygiene: Wash hands frequently and thoroughly with soap and water →20 seconds, or use an alcohol-based hand sanitizer.
 - Proper respiratory etiquette: Cover coughs and sneezes with elbow or sleeve. Discard of tissues immediately and wash hands afterwards. Avoid touching face, eyes, nose, mouth.
 - Clean and disinfect high-touch surfaces frequently.

Please describe plans for Hygiene Practices**Cleaning / Disinfecting Procedures**

- Ensure any high-contact touch points are cleaned and disinfected frequently.
- Frequently clean and disinfect any shared equipment, materials, or furniture (e.g. tables and chairs). Follow directions per the manufacturer's instructions regarding use of the product and any required Personal Protective Equipment (PPE).

Please describe plans for Cleaning / Disinfecting Procedures
