**SHARON MUNRO** is the Human Kinetics librarian at the Leddy Library. She is available to see students for one-to-one or group help with their research. She can also advise faculty members about bibliographic databases, library resources and other materials that may be useful for their research and classes. Sharon provides library instruction classes that are specifically tailored for Human Kinetics courses. She is responsible for buying library materials for Human Kinetics and welcomes suggestions and advice from faculty and students. She liaises regularly with the Human Kinetics faculty bibliographer about library materials and new development/programs in the Faculty of Human Kinetics that require library resources. Sharon can be reached via email at: [smunro@uwindsor.ca](mailto:smunro@uwindsor.ca) or by telephone at ext. 3850.

## Access to the Library

The Leddy Library occupies two buildings and is accessed via the entrance on the south side of the main building. The entrance is ramped to facilitate wheelchair access. Inside, all floors in both library buildings are serviced by elevators. The two buildings are connected by a walkway on the first and second floors. In the Main Building, the elevators are located on the north side of the main stairway in the centre of the building. In the West Building, the elevator is located on the west wall beside the main stairway.

Universal washrooms are located on the basement floor in the Leddy West Building and on every floor in the Main Building.

- citing and referencing

Students should note that the **WSD** is not a proof reading service. Though we will examine as much of a sample of writing as we can in the space of a 25-minute consultation, our goal is to teach students how to improve their writing, not to edit the work.

Appointments are required for all one-on-one consultations. Appointments book up quickly, so we strongly recommend booking at least a week in advance. Students can book appointments through **mySuccess** in order to meet with an advisor via Teams.

## About the Writing Support Desk

### About the Writing Support Desk

As COVID-19 restrictions continue to loosen and in keeping with the University of Windsor's policies, the Writing Support Desk will now offer services **online** and **in-person**.

For up-to-date information regarding UWindsor's response to COVID-19, please visit the [coronavirus update page](#).

**One-on-one consultations** booked via [mySuccess](#) will be available either in-person at Leddy Library, main floor, or via [Microsoft Teams](#).

**Workshops** will be available at their scheduled time, either via Microsoft Teams or in-person in Leddy Library. Check MySuccess for delivery mode and/or location.

Some workshops are also available as video tutorials on our website under 'Video Tutorials'.

For further information regarding how to access Writing Support Desk services online, please see the below drop-down menu or email [writingsupport@uwindsor.ca](mailto:writingsupport@uwindsor.ca). For general information about Writing Support, visit our [FAQ page](#).

The Writing Support Desk staff is committed to providing the highest level of service to students while maintaining best practices for health and safety. We thank you for your patience and understanding.

The Leddy Library Government Publications Collection aims to meet the information and research needs of the Library's users, to support academic programs, and to meet the responsibilities of being a depository collection for Canadian and Ontario publications and data. The Leddy Library has been a full depository for Canadian federal publications since 2000 and a selective depository since 1977. It is also a federal depository for maps and the National Topographic Database (NTDB) data.

The Library has been a full depository for Ontario government publications since 1972. We are also participants in the [Data Liberation Initiative \(DLI\)](#), the [Inter-university Consortium for Political and Social Research \(ICPSR\)](#), the [Ontario Geospatial Data Exchange \(OGDE\)](#), and a number of other consortial arrangements. This allows researchers fully subsidized access to Canadian and American data files and cd-roms. At the municipal level, the Library has maintained the Microlog Local Government microfiche collection since 1980. Quite extensive collections of United Nations, OECD, ILO, WHO, and World Bank publications are also held. Publications and data from other jurisdictions and government organizations are purchased selectively.

The book and journal collection is housed primarily on the 2nd floor of the main building and is shelved according to the CODOC classification scheme. These government publications are all catalogued and can be searched in the [Library Catalogue](#).
