Elevators

Elevator one can be found by heading left once in the main entrance. It is situated to the right of the Tim Hortons. This elevator accesses floors B, G, 2R, 2, 3R, 3 and FH and opens west at each floor. Interior buttons are raised but do not have braille.

Elevator two can be found by heading left once in the main entrance and is situated to the right of the living plant wall. This elevator accesses floors G, 2 and 3 and opens north at each floor. Interior buttons are raised but do not have braille.

Elevator three can just inside the northeast accessible entrance. To access from the main entrance, turn left down the hallway towards the east side of the building. This elevator accesses floors G, 2 and 3 and opens south at each floor. Interior buttons are raised but do not have braille.

Emergency Evacuation Chairs

Emergency evacuation chairs are located immediately inside the main entrance.

Bike Racks

There are three bike racks around the engineering building. One is located on the north side of the building, near the main entrance. Another set of bike racks is on the west of the building near California Avenue. The third set of bike racks is located to the south of the building near the Engineering parking lot (EE).

Building Amenities

- Tim Hortons

Water Fountains

1st Floor

- **Three accessible** water fountains are located between the men's and women's washrooms, across from the living plant wall.
