ANNUAL ONTARIO PSYCHOLOGY UNDERGRADUATE THESIS CONFERENCE

#AOPUTC23

Friday, May 12, 2023
Conference Program

University of Windsor welcomes you to AOPUTC23!

We are extremely eager to host the Annual Ontario Psychology Undergraduate Thesis Conference this year. Although we wish that we could have connected with you in person, we recognize that travel is still difficult for many students, and we wanted to make the conference as convenient as possible for students from across the province.

We are excited to offer you a program that includes over 60 oral presentations and more than 80 animated GIF poster presentations. In reviewing the submissions, we were impressed by the diversity of topics, methods, and presentation styles, and by students' abilities to distill complex findings into meaningful take-away messages in their creative animated GIFs. We hope that you will take in as many of the presentations and posters as possible. Enjoy your time at the conference!

Warm regards from the AOPUTC23 Organizing Committee,

Kathryn Lafreniere
Krista Marion
& Ken Cramer

Acknowledgements

Hosting a busy online conference requires the sustained efforts of many individuals. The AOPUTC23 Organizing Committee is grateful to the following volunteers who stepped forward and helped us in countless important ways, including reviewing abstracts, moderating oral presentation sessions, and offering valuable technical support and advice.
