EDI in Research: Opportunities and Best Practices

Equity, diversity and inclusion (EDI) is fast becoming a cornerstone of excellent research, and the Tri-Agency, along with many other funding bodies have begun to require researchers to outline how they are practicing EDI in their labs, research spaces and research methodology. As our understanding of EDI evolves and changes, so too must our practices.

Join the Office of Research and Innovation Services on **July 15 at 3PM** for a peer-to-peer session where we'll discuss some of the best EDI practices happening on campus that can assist you in shaping and incorporating EDI principles and

practices in your own research, your research teams, and labs. The future of EDI in research is more than just writing a statement in an application: active EDI as a central component of your work will strengthen research itself.

Featured presenters:

- Dr. Niharendu Biswas, Faculty of Engineering
- Dr. James Gauld, Faculty of Science
- Dr. Lisa Porter, Faculty of Science
- Dr. Charlene Senn Canada Research Chair, Faculty of Arts and Social Sciences

Funding Opportunities

Faculty Deadlines for Applications

Some Faculties have internal deadlines to secure the relevant signatures and to offer proposals the opportunity for peer review before they are submitted to the funding agency.

*Applicants from the Faculty of Education and FAHSS: By the "Application due Faculty" deadline below, email to the relevant person (1) the rough copy of application, and (2) an [ORIS form](#) signed by you and your department head:

- Education: [Kara Smith](#), cc. [Mandy Turkalj](#)
- Faculty of Arts, Humanities, and Social Sciences (FAHSS): [Brent Lee](#)

Applicants from HK: By the "Application due Faculty" deadline below, email [Cheri McGowan](#) the rough copy of the application. Ask your department head and dean to sign your ORIS form before the ORIS deadline.

Applicants from Law: Two weeks before the ORIS deadline, email [Laverne Jacobs](#)

1. the rough copy of application, and
2. an [ORIS form](#) signed by you.

Applicants from other Faculties: Ask your department head and dean to sign your ORIS form before the ORIS deadline.

2020 Call for Submissions: Undergraduate Research Experience Program

Looking to hire an undergrad for a research project? The Office of Research and Innovation Services invites you to consider an application to its Undergraduate Research Experience (URE) program this summer. The Undergraduate Research Experience Grant is valued at **up to \$2,000**, and is intended to:

- develop student research **curiosity and skills** in critical and creative thinking, project management, and communication, which will enrich their subsequent academic and employment experiences
- provide **high-quality research experiences** to undergraduate students
- strengthen faculty research programs, particularly those situated in areas with few or no graduate students, by helping them to develop a **pool of well-trained undergraduate research assistants**
- establish **models and best practices** for supporting and expanding undergraduate research at the university and in the local community

Successful projects will prioritize undergraduate learning through research, inquiry, or creative activity, and will emphasize the involvement of students in all aspects of the project. To learn more about the Undergraduate Research Experience program, please [review the full guidelines online](#).

Submissions are due **August 10, 2020**.

PLEASE NOTE: URE submissions are paperless and set up for electronic signatures! Paper copies **cannot be accepted** at this time.

Program Information in relation to COVID-19

Discovery Grants COVID-19 Extension with Funds

To lessen the impact of COVID-19 and to support all of our researchers and highly qualified personnel, all grantees holding an active Discovery Grant as of April 2020 can elect to receive a one-year extension with funds at their current funding level. This one year extension with funds is available for the following programs: Discovery Grants, Discovery Grants – Subatomic Physics (Individual, Project and Major Resources), Discovery Grants – Northern Research Supplements and Discovery Development Grants.

Note: accepting this funded extension will automatically disqualify grantees from the 2021 Discovery Grants competition.

If you require further information, please contact NSERC at resgrant@nserc-crsng.gc.ca.

NSERC: Greenhouse Competitiveness and Innovation Initiative (GCII-phase 2)

The Ontario government is now accepting applications for **Greenhouse Competitiveness and Innovation Initiative (GCII- phase 2)**. There is up to \$4.5 million in funding available for new and innovative projects. The deadline has been extended until **July 23, 2020**.

Note that the projects must align with the following categories and objectives:

- **Production & Market Development:** Improve production efficiencies, diversify sector markets, and accelerate market access.
- **Biosecurity:** Improve the sector's biosecurity, resistance management and emergency preparedness.
- **Environment:** Improve the sector's environmental stewardship and sustainability.

Further details can be found in the [Program Guide](#) and at <https://adaptcouncil.org/program/gcii/gciiprogramsummary>.

Please notify [Michelle Nevett](#), ORIS (Science and Business) OR [Sara Kenno](#), ORIS (Engineering) if you are intending on applying.

NSERC: Plastics Science for a Cleaner Future

Intended for proposals which:

- increase research capacity, as well as collaboration, to help close the gaps in our understanding of plastic pollution and its impacts
- generate new knowledge to support policy and decision-making related to plastic pollution, as well as to the objectives of the Canada-wide strategy on zero plastic waste

LOI Due July 8, 2020. Please notify [Sara Kenno](#) (Engineering) or [Michelle Nevett](#) (Science) of your intent to submit an LOI.

Impact of COVID-19 on strategic funding competitions

In response to the three-month moratorium on strategic funding opportunities, all posted deadlines are on hold until further notice. Over the coming weeks/months, updates will be made to each funding opportunity once new timelines are confirmed. Potential applicants are

therefore asked to stand by and refrain from applying to posted opportunities. A date of July 2, 2020 has been temporarily inserted and will be revised when more information becomes available.

For all information related to CIHR's response to the pandemic, please consult [CIHR's COVID-19 webpage](#).
