

## Department of Biomedical Sciences Sessional Appointments - Fall 2024

### September 5, 2024 – December 4, 2024

In accordance with section 54-07 of the 2017-2021 Collective Agreement, the Department invites applications from qualified individuals interested in teaching the following courses:

<p><b>BIOM 1073-01</b> <b>Introductory Medical Microbiology</b> Lecture</p>	<p>This introductory course provides a foundation in microbiology relating to Nursing. Key concepts in the biology of infectious agents, human-microbe interactions, mechanisms of microbial diseases, control of microbial growth, immunology, epidemiology, and public health. Lecture: In person Wednesdays 4:00pm-6:50pm</p>
<p><b>BIOM 2021-01</b> <b>Human Anatomy</b> Lecture</p>	<p>Systemic analysis of the structure of the human body, including gross and microscopic morphology. Topics include anatomical terminology and structures of cells, tissues and the major organ systems. Practical laboratory will complement lectures with emphasis on gross dissection. Lecture: In person Thursdays 4pm-6:50pm</p>
<p><b>BIOM 3750-01</b> <b>Cancer Undergraduate Research Education (CURE)</b> Lecture</p>	<p>CURE will engage students in learning about the science of cancer and directions in cancer research. Students will interact with scientists conducting a spectrum of multidisciplinary research and will work in collaborative teams to design and implement tools to communicate cancer research to the public, to patients, to other students and to the government. Students will discuss ethical fundraising and marketing of research and will compose ideas to support cancer research. This course will be hands on learning where your ideas will directly contribute to moving cancer research forward in Windsor-Essex. (Prerequisites: BIOL-1101 and registration in third year of a program.) (Previously offered as SCIE-3750, this course does not count towards a major course credit in Biological Sciences or BCN degrees but can be used as an additional Science course or any area of study credit.) (3 hours a week lecture/ experiential learning). In person Tuesdays and Thursdays 10am-11:20am</p>

*\*The courses above are subject to budgetary approval and sufficient enrollment.*

*Applications must include:*

- A letter of interest in the position
- A resume outlining relevant work experience, training, teaching experience, honours or awards, publications, and relevant service activities.
- (Optional) A teaching portfolio demonstrating evidence of teaching excellence. For example: SET scores or other teaching evaluations, course outlines, graduate courses taken, dissertation or thesis topics, evidence of successful teaching, or/and evidence of professional experience.
- Three letters of reference for applicants from outside the University of Windsor. *Note: Applicants that have submitted letters of reference for Biomedical Science courses within the last 12 months may choose not to resubmit those letters.*

**Please submit your application to: [biomedsci@uwindsor.ca](mailto:biomedsci@uwindsor.ca)**

**by 3:00 p.m. – Tuesday, May 14, 2024.**
